Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0 / individual or \$0 / family for in-network and out-of-network services	See the chart starting on page 2 for how much you pay for covered services. As noted there is no deductible .
Are there services covered before you meet your deductible ?	Yes. There is no deductible required for services to be covered.	You don't have any deductibles for services, but see the chart starting on page 2 for other costs for services this plan covers.
Are there other deductibles for specific services?	No	There are no deductibles .
What is the out-of-pocket limit for this plan ?	\$8,150 / Individual or \$16,300 / Family in-network and \$8,150 / Individual or \$16,300 / Family out-of-network .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Note: Within the out-of-pocket limit above there is a \$1,000 coinsurance family maximum for in-network . Copayments noted throughout do not apply to the coinsurance maximum noted here.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, pharmacy penalties, health care this plan doesn't cover and certain other amounts.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bcbsm.com or call 1-855-575-2461 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
